

Child Nutrition

Summer is coming soon and you may be thinking about what your child will do for meals while school is out. The good news is that Calhoun County Schools will provide meals to children during the summer as part of the USDA Summer Food Service Program (SFSP). There are no income requirements and any child under the age of 18 may come to eat. The SFSP sites are listed below as well as the times for breakfast and lunch. Meals are served in the school's cafeteria. It's food that is in, while school is out.
